A Second Smelter

Tyee Mining Company to Commence Construction of One Immediately.

Will Build An Aerial Tramway From Mine to the Railway.

The Plant Will Probably Be Erected on Site at Ladysmith.

Mining men have certainly arrived at the conclusion that Vancouver Island is a profitable field for exploitation. Only last week the Colonist announced that an American syndicate was about to erect a smelter at Osborn Bay on the East Coast of the Island, to treat the ores of the Lenora mine on Mount Sicker. Work on this has hardly commenced before the announcement is made that a second smelter is to be erected on the East Coast of the Island, and that immediately. On Wednesday Mr. William Thompson, consulting engineer of the Tyee Mining company, which has a well developed mine on Mount Sicker, arrived in the city in company with Mr. Clermont Livingston, one of the directors of the Tyee company and yesterday they made the announcement that the company had decided to erect a smelter, and that they would commence work immediately. The site has not been selected, but it will probably be at Ladysmith. At any rate, said Mr. Thompson yesterday, it will be at deep water. The intention at present is to erect a 100-ton smelter, building it so that it can be enlarged at any time. For the present the company will not erect a converter, the works to be built being a smelter and concentrating and sampling works. These will give employment to a large number of men, and no time will be lost in getting them in operation, in fact Mr. Thompson has already received tenders for part of the necessary plant.

To get their ore from the mine to the smelter the company will build an aerial tramway from the mine to the E. & N. railway, the exact route not yet having been decided upon. At the terminus of the tram line ore bins and other conveniences for readily loading the cars will be erected, so that the handling of the ore will be carried out in the most expeditious manner.

Smelting tests of the ore have been made, and Mr. Thompson pronounces it to be excellent smelting ore, in fact it would be hard to find better. It requires very little fluxing, which means a big saving.

Hon. Mr. Dunsinuir will co-operate with the company and assist the enterprise in every way possible.

The long looked for establishment of an immense mining camp on this island seems about to be realized. With two smelters being erected and steamers chartered to carry the ores of the Alberni mines to the American smelters, it looks as though next spring would see three of the biggest mines of the province located on the island. To make it complete there should be a Canadian smelter to treat the ores of Alberni so that it would not be necessary to ship them out of the country. Or better still, a railway through to Alberni tapping the new silver-lead district near Cowichan lake might bring all the ores of the West Coast to the East Coast smelters.

Freight Train Comes to Grief

Strikes Rock Slide Near Lytton and Engineer and Fireman Killed.

A Trapper of Sechelt Missing—Westminster People and Railway Bylaw.

From Our Own Correspondent.

Vancouver, Dec. 6.—An extra west-bound freight train in charge of Conductor Harris ran into a rock slide at 5:15 this morning two and a half miles west of Lytton station. The engine was derailed and rolled over the bank 200 feet towards the Fraser river. Engineer Randall and Fireman Pottruff were both instantly killed. Three empty box cars were derailed and one flat car wrecked. Both Randall and Pottruff were married men.

C. S. Hunter, one of the government assayers, states that quantities of platinum have been found even in little nuggets of gold, brought from the Yukon for purchase. He states that he is convinced that platinum is present in large quantities in Klondike creek.

L. O. McEwen, a trapper, has been missing from Sechelt since Saturday. On Monday his canoe was found below the falls emptying into Salmon arm. Indians have reported the matter and the Provincial Police are investigating. A large mass meeting at Westminster has endorsed the action of the council in presenting the Westminster, Northern & Yukon Railway Aid by-law to the people, and have promised to vote for it.

Mayor Townley has announced himself as a candidate for the mayoralty.

The amalgamation of the different athletic clubs of the city under the management of the Brockton Point association has been arranged. It includes all the lacrosse, bicycle, football, hockey and cricket clubs.

The White Horse Evening Star of November 29 reports the sale of the Grater mine to the Moore Investment company, of Seattle, for \$30,000, and the sale of the coal measures near White Horse to the same people, for \$300,000. The coal claims were owned by Lowe, Armstrong, brothers, Johnson, Norris and Beattie.

A. J. Charleson, son of the superintendent of construction of the Yukon telegraph line, has started on his trip along the line on foot from White Horse to Ashcroft. The trip is most perilous and arduous. The line's men's cabins are 40 miles apart, with one shelter cabin midway between each.

The tax sale of land which was to have come off yesterday, failed to take place, owing to the stress of business in the tax collector's office.

J. C. South has been appointed honorary representative of the Huanan society in Vancouver. "Joe" Fortes, the colored swimming instructor, who has saved a dozen lives in British Columbia, and the thototomah who was rescued from a swamped canoe with a baby in her teeth and a child under each arm, the other day will likely both receive some recognition from the society.

THE WAR IN PHILIPPINES

General Chaffee's Report Shows Similar Conditions to Those in South Africa.

Washington, D. C., Dec. 6.—The War department today made public the first annual report of Major-General Chaffee, military governor of the Philippines. General Chaffee sums up the situation in the Philippines from a military point of view by stating that the provinces of Batangas and Laguna, in Luzon, and the Islands of Samar, Mindoro, Cebu and Bohol constitute the area now disturbed by an emboldened force of insurgents. He says that the physical character of the country, to the nature of the warfare, the rebels, who are amano and foe in the self same hour, to the humanity of troops which is taken advantage of by the rebels and the inhabitants who sympathize with them, and to the friendly disposed if they give information to the United States forces, is due the prolongation of the guerrilla warfare. Commenting upon the plan of gradually replacing military with civil administration, General Chaffee says: "The withdrawal of interference with civil affairs does not mean withdrawal of the troops from their stations to any considerable extent. On the contrary, this should not be done hastily and when undertaken should be gradual and more in the nature of concentrating than reduction of force or abandonment of any considerable area of territory."

He therefore recommends that there be no further material reduction of troops before January, 1903. The civil governments which are being organized, provincial and municipal, and the Chaffee says, are both new and untried, and there is but one certain and reliable method of ascertaining the progress of the Philippines in self-government, namely, observation by the army.

LIBERAL UNSEATED.

Mr. Loye Admitted Corrupt Acts on Part of His Agents.

Beauharnois, Dec. 6.—(Special).—Mr. Geo. M. Loye, Liberal M. P., for Beauharnois, admitted corrupt acts on the part of his agents in court today and his seat is declared vacant.

YORK, N.B.

Unseated Liberal to Run Against Rev. Dr. McLeod.

Ottawa, Dec. 6.—The writ for the by-election in York county, N. B., was issued today. The election is December 28 and nomination a week earlier. Mr. Gibson, the Liberal member, who was unseated, will again run against Rev. Dr. McLeod, Conservative.

BRITAIN'S METHOD.

Pays Promptly When Foreigners Have Claims Against Her.

Washington, Dec. 6.—The state department has received a draft for \$6,000 sterling from the government of Great Britain in full payment of the claims of certain United States citizens who said they had been improperly expelled from South Africa during the Boer war.

HANGING HORROR.

After Being Cut Down Body Moves and Opens Eyes.

Little Rock, Ark., Dec. 6.—Bud Wilson, the convict who killed R. H. Taylor, a guard of the Lyall county convict camp, last December, was hanged today at Danville. Twenty minutes after the trap was sprung the body was lowered into a coffin. Before the lid was placed upon the coffin, the body began moving about. Wilson opened his eyes and his whole frame shivered. He was taken from the coffin by the deputies and carried up the steps to the scaffold for the purpose of hanging him again, but when the platform was reached the body became rigid and remained so a moment and then became limp. Wilson was examined carefully by the physicians, who finally pronounced him dead, his death having been caused by strangulation.

LATE DEAN O'MEARA.

His Loss Will be Much Felt in Manitoba.

Winnipeg, Man., Dec. 6.—(Special).—The death of Dean O'Meara of St. John's college at an early hour this morning, causes deep regret throughout the west. Death resulted from complications following an attack of typhoid fever. Dean O'Meara has been known under his present title for something over four years, and previously for more than 20 years his name was a household word in Winnipeg and throughout Manitoba as the Rev. Canon O'Meara. His fame, as an eloquent preacher and lecturer from St. John's college, extended, not only throughout the congregations of the Church of England in the diocese of Rupert's Land, but reached to people of other denominations. Chiefly through his connection with the Free Masons, Dean O'Meara was a frequent speaker on public occasions, such as church openings, banquets and anniversary occasions. He was seldom absent from the anniversary gatherings of the St. Andrews' society and his eloquence was often heard in advocacy of the claims of benevolent organizations. As a patriot he took a prominent place in the province, not only in connection with St. John's college, but also in the council of the University of Manitoba, and in the discussion of matters affecting public institutions. Deceased leaves a wife and two children, and was a brother of Mr. T. M. O'Meara, barrister of Toronto. The funeral will take place on Monday.

Freight Train Comes to Grief

CHILD BURNED.

Left Alone in the House and Perished in Fire.

Warton, Ont., Dec. 6.—The little daughter of William Kentley was burned to death this morning. She was left alone in the house.

COLD STORAGE ENDING.

Toronto Company Fails With Heavy Liabilities.

Toronto, Dec. 6.—The Toronto Cold Storage company is to be wound up. The liabilities are \$76,000, and assets \$47,000. An investigation into the stock subscription list is to be held.

MISSIONARY IN CHINA.

Mr. McClure Found People and Officials Friendly.

Toronto, Dec. 6.—The secretary of the Presbyterian mission board, and received a cable from Mr. D. McClure, of Honan, saying that on returning to his mission at Chang Te, he received a very cordial welcome from officials and people.

NANAIMO ASSIZE.

In All Criminal Cases Accused Were Acquitted.

Nanaimo, Dec. 6.—(Special).—Underwood, an Indian from Duncan, charged with attempted rape, was acquitted today in the assize court. He was defended by Mr. Moresby of Victoria.

In Rex v. Combalby, in which defendant was charged with hitting an ear of the colliery man, John Leach, the evidence given was very contradictory. The jury returned a verdict of not guilty. This exhausts the criminal cases, all of which have been given in favor of the defendants.

The civil case of Booker v. Wellington Colliery company, will come before a special jury on Monday. In it plaintiff claims damages for injuries received in the mine.

Grand Indies' and children's matinee to-day at Victoria Theatre. Jules Grand's Opera Company in "Yankee". Admission adults 50 cents, children 25 cents. Doors open at 1:30; performance at 2:15.

Millions Involved

White Pass Road to Be Defendants in a Big Case.

Action For Returns of Fares and Passenger Rates and Damages.

On Ground That Rates Were Not Approved By the Dominion.

A case involving over a cent that the British Yukon company, otherwise the White Pass & Yukon route, has taken in freight and passenger rates since the company commenced business in 1898, will shortly be brought before the Supreme Court of British Columbia, and will in turn go through the different courts to the highest court in the land, the Imperial Privy Council. In a few days a writ will be issued against the British Yukon company, under which name the White Pass & Yukon route is incorporated in Canada, for the purpose of testing the legal position of the shippers of goods and the passengers who have paid fares on the road since it commenced business. The stand taken by the claimants, who include some of the largest shippers to the Yukon, is that the company under its charter from the Dominion government were compelled to have their rates approved by the Governor-General-in-Council. This approval, according to despatches received from Ottawa, and published in the press and subsequently verified, was not obtained by the company, and, in fact, they did not forward their schedules of freight and passenger rates to the department of railways until this year. When they did so, the schedules were returned by the Minister of Railways, according to press dispatches, and officials of the company are now in Ottawa trying to adjust the matter. Under these circumstances the claimants hold that they are entitled to the return of their fares and freight money and damages. It is contended by those seeking the return of the passenger money that the rate was altogether extortionate, averaging about 20 cents per mile. By those seeking the return of freight rates paid by them, it is claimed that the rates were extortionate, supplementing this with the further allegation that they have been injured by secret rebates granted to competitors, whereby the claimants have suffered serious loss. When the amount of freight landed and the number of passengers carried since the opening of the road is taken into consideration, an idea of the immense amount the company would be compelled to pay, should the case go against them, can be obtained. It would certainly run into the millions. Both classes of claimants rely with great confidence on section 290 of the Canadian Railway Act, which reads as follows: "Every person from whom any company exacts any unjust or extortionate toll rate or charge shall, in addition to the amount so unjustly exacted, be entitled to recover from the company as damages an amount equal to three times the amount so unjustly exacted." There have been similar cases decided in Ontario, both for and against the companies.

It has been suggested that as the road starts from Skagway, which is under United States rule, the claims were not bold ground. The claimants answer this by saying that the Dominion charter of the company reads that the road shall start from a point at the head of Lynn canal and extend to Selkirk, in the Northwest Territory, and that Skagway and the head of the Lynn canal are claimed by the British government, no reference to the United States claim would be allowed in the courts of Canada or the British Empire. This, however, would be a preliminary question for the courts to decide, and at any rate, the action will be one full of interest on account of the questions and amount involved. A case involving a small amount will be submitted to the courts as a test case. Messrs. Higgins and Ellis are acting for a number of clients, including several large trading companies.

If Overcoats

Are under consideration, it doesn't matter whether the decision is long or short, light, medium, or heavy weight, black, brown or grey—they're here, ready.

PROGRESS AND SUCCESS.

Progress and success have been our business reward up to the present time. We need to enlarge our dispensary facilities; this department is run on the most approved system; promptness and accuracy mark all our work.

We are daily renewing and assorting our stock of Perfumes, Atomizers, Sponges, Brushes, Combs and Toilet goods.

THE PUBLIC VERDICT.

The public verdict is immensely in favor of Paine's Celery Compound. It is the great family medicine of the present day and never fails to do what it promises. Paine's Celery Compound will cure all nervous disease, liver complaint, its results from impure blood, dyspepsia and stomach derangement. We sell the kind that cures.

T. G. HITT, Druggist,
Victoria West, B.C.

algas for Christmas. —Cleveland Plain Dealer.

Local opinion is strong in favor of Paine's Celery Compound. It cures coughs and colds with absolute certainty. Pleasant to take and sure to cure. Manufactured by the proprietors of Perry Davis' Pain-Killer.

Between Governor Van Sant and the Bulgarian brigands there is always a little something to read every morning.

General debility—failure of the strength to do and the power to endure—is cured by the great tonic—Flood's Sarsaparilla.

May—But he loves you very much, doesn't he?
Balsam. —It is much now. He's gotten so lately that he'd rather sit in the parlor with me than take me to the theatre.—Philadelphia Press.

A Builder—Are you losing weight?
—The D. & L.'s Emulsion will always help and build you up. Restores proper digestion and brings back health. Manufactured by the Davis & Lawrence Co., Ltd.

HERE AND THERE.

Why experiment with other brands when you can get Jesse Moore whiskey at all times and places?

Yeast—I see a Philadelphia composer has written a quickstep.

Crimsonback—Yes; and I hear they are using it in Chicago for a funeral march—Yonkers Statesman.

Why don't you try Carter's Little Liver Pills? They are a positive cure for sick headache, and all this produced by disordered liver. Only one pill a dose.

Its simple rule of selling artistic goods at low prices. If people want good, well-made and stylish furniture, they naturally go to Weiers's.

I suppose, of course, remarked the society reporter at the Struckoff-Jinpson wedding, the bride's diamonds and the lace on her waist were handed down from her great grandmother.

Well, hardly, exclaimed old Struckoff, indignantly. I'd have you know everything on earth that is bought here and there new for the occasion.—Brooklyn Eagle.

Have you decided to marry Fraulden Else?

I'm—I've discovered that she spends yearly \$5,000 marks for her clothes, and—

So you are not going to marry?

Oh, yes, but I shall marry her dress-maker.—Yonkers Statesman.

The action of Carter's Little Liver Pills is pleasant, mild and natural. They gently stimulate the liver, and regulate the bowels, but do not purge. They are sure to please. Try them.

A tribe of peculiar people dwell on the banks of the Purus, in South America. Men, women and children are spotted with brown spots on a white skin. Their chief article of diet is fish.

One fact is better than ten hearsays. Ask Doctor Burgess, Supt. Hospital for Insane, Montreal, where they have used it for years, with the approval of "The N. Y. L." Menhol Patent. Get the genuine made by Davis & Lawrence Co., Ltd.

William Ogden of McLean county, Illinois, has bought of J. F. Bellew of Wichita, 180,000 acres of land in Western Kansas, which he will convert into the largest wheat field in the world.

WONDERS OF THE HEART. IN THIS LOCALITY.

All the blood in the human body passes through the heart in about three minutes. The heart beats a second, 4,320 times an hour, 100,800 times a day, throwing out 2½ ounces of blood a second, 556 lbs. an hour, 7½ tons a day. It is only when supplied with pure, rich blood that the heart, an organ 6 inches long, 2 inches wide, can accomplish this enormous amount of work and rebuild its own wasted tissues. Dr. Chase's Nerve Food is the most effective treatment available for heart affections because it forms new, red corpuscles in the blood and gives to it that life sustaining quality which is necessary to the health of every organ.

The medicine dealers in this place say that there is no preparation on the market today that will do anything like such an enormous sale as Dr. Chase's Kidney-Liver Pills. Would this extraordinary demand for Dr. Chase's Kidney-Liver Pills continue and gradually increase if people were not being benefited and cured by their use? Certainly not. One pill a dose, 25 cents a box.

The strongest known wood is said to be lancewood. Its tensile strength per square inch is 23,000 pounds; that is to say, that weight is required to tear across a piece of it one inch square.

Smith—"I told my wife the other day I
was going to use smoking.
Raynes—"Why is that?"
Smith—"Oh, she would not buy me any
tobacco."

Strong lights, with basins of petroleum
brass, are now used in France to de-
stroy nighting insects that injure vine-
yards. As many as 4,808 insects have
been caught in a basin in one night.

Every housekeeper must often act as a
family physician. Pain-Killer for all the
little ills, cuts and sores, as well as for
all bowel complaints, is indispensable.
Avoid substitutes, there is but one Pain-
Killer.

MAYOR HAYWARD.
His Worship Mayor Hayward made an interesting announcement at the Pioneers' dinner last night. He took occasion to say that he will be a candidate for re-election to the important position, which he now holds. While this was not unexpected, it is none the less gratifying to receive the information, and Mr. Hayward has done right to let his intentions be known at an early day. He is now drawing near the close of his second term, and it will be universally admitted that none of his predecessors in office have discharged its responsible duties in a more acceptable manner than he has. Victoria has had some of its best citizens in the Mayor's chair, but of none of them can it be claimed that he has had a greater variety of duties to discharge or discharged them any better than Charles Hayward, whose candidature for a third term we most heartily endorse.
It fell to Mr. Hayward's lot to fill the civic chair at a time when the loyalty of the people was stirred to its greatest depths by the events in South Africa, and he discharged the very peculiar duties of that time in a singularly happy manner. Later he had to act for the citizens in receiving the Governor-General and still later the more onerous, if more honorable, duty of welcoming the Hereditary Prince and his gracious wife devoted upon him. The manner in which he acquitted himself on these occasions gained him high praise. There were less conspicuous occasions, when it became necessary for him to extend courtesies to less distinguished visitors, and he was always ready to do his full duty in that regard. In public matters, not directly connected with his official position and yet with which he was naturally associated by reason of his incumbency of the Mayorship, he was always where he ought to be, prompt with his assistance and support to every proper public movement. In civic matters he has been progressive without being over-venturesome. He took up the question of city improvements, where his predecessor left it, and pushed it forward with vigor, and we think the manner in which municipal contracts have been carried out under his regime has added to the public confidence in matters of that kind coming under the jurisdiction of the City Council. He has shown that he has the courage necessary in his position and that he is prepared to go to the full length of his powers in order to prevent what he may regard as an injury to the interests of the city. During his term of office there has been a distinct improvement in the moral tone of the city, at least so far as the municipal administration can reasonably be expected to go. In short, Victoria is a better city for the mayorship of Charles Hayward, and it is to be congratulated upon his decision to once more place his services at the disposal of the citizens. It is hardly likely that he will be opposed. Certainly he ought to be permitted to complete the important undertakings which he has now in hand.
We wish to call the attention of our readers to the letters from Kingcome Inlet received by Captain Walbran of the Quadra, and which are published in another column. These letters show in an unmistakable manner the utmost im-

All new advertisements and changes of advertising, to ensure their being inserted, should be handed in to the business office not later than 6 p. m. Advertising will be accepted up to 8 p. m. at the business office, but insertion cannot be guaranteed. For urgent advertising after 8 p. m., consult the Night Editor.
The Colonist is on file at the following Coast agencies, where advertising can be contracted for:
A. E. GOODMAN, Vancouver, B. C.
WHITES, ADVERTISING AGENCY, Seattle, Wash.
A. H. BALLARD, ADV. AGENCY, 615 Marquam Building, Portland, Ore.
E. C. DAKES, ADV. AGENCY, 64 Merchants' Exchange, San Francisco.

PUBLISHERS' NOTICE
Reading notices or "locals" in connection with all public entertainments to which an admission fee is charged will be inserted in the Colonist at the rate of 10c per line.

MAYOR HAYWARD.
His Worship Mayor Hayward made an interesting announcement at the Pioneers' dinner last night. He took occasion to say that he will be a candidate for re-election to the important position, which he now holds. While this was not unexpected, it is none the less gratifying to receive the information, and Mr. Hayward has done right to let his intentions be known at an early day. He is now drawing near the close of his second term, and it will be universally admitted that none of his predecessors in office have discharged its responsible duties in a more acceptable manner than he has. Victoria has had some of its best citizens in the Mayor's chair, but of none of them can it be claimed that he has had a greater variety of duties to discharge or discharged them any better than Charles Hayward, whose candidature for a third term we most heartily endorse.
It fell to Mr. Hayward's lot to fill the civic chair at a time when the loyalty of the people was stirred to its greatest depths by the events in South Africa, and he discharged the very peculiar duties of that time in a singularly happy manner. Later he had to act for the citizens in receiving the Governor-General and still later the more onerous, if more honorable, duty of welcoming the Hereditary Prince and his gracious wife devoted upon him. The manner in which he acquitted himself on these occasions gained him high praise. There were less conspicuous occasions, when it became necessary for him to extend courtesies to less distinguished visitors, and he was always ready to do his full duty in that regard. In public matters, not directly connected with his official position and yet with which he was naturally associated by reason of his incumbency of the Mayorship, he was always where he ought to be, prompt with his assistance and support to every proper public movement. In civic matters he has been progressive without being over-venturesome. He took up the question of city improvements, where his predecessor left it, and pushed it forward with vigor, and we think the manner in which municipal contracts have been carried out under his regime has added to the public confidence in matters of that kind coming under the jurisdiction of the City Council. He has shown that he has the courage necessary in his position and that he is prepared to go to the full length of his powers in order to prevent what he may regard as an injury to the interests of the city. During his term of office there has been a distinct improvement in the moral tone of the city, at least so far as the municipal administration can reasonably be expected to go. In short, Victoria is a better city for the mayorship of Charles Hayward, and it is to be congratulated upon his decision to once more place his services at the disposal of the citizens. It is hardly likely that he will be opposed. Certainly he ought to be permitted to complete the important undertakings which he has now in hand.
We wish to call the attention of our readers to the letters from Kingcome Inlet received by Captain Walbran of the Quadra, and which are published in another column. These letters show in an unmistakable manner the utmost im-

THE BATTLES OF LIFE
Demand Nerve Force, Energy, Vitality
—The Weaklings Go To The Wall—Dr. Chase's Nerve Food a True Fountain of Health.
What use has the world for men and women who have not courage enough to face the battles of life? Every day men are failing and women are growing discouraged and despondent because they lack the nerve force which is absolutely necessary to health and strength, and which supplies energy and ambition to body and mind. It is not too much to attribute nine-tenths of the sufferings of humanity to wanting nerve power, the vital principle of life itself.
Is it any wonder that the heart's action grows weak and irregular, the digestion poor, the liver and kidneys sluggish and inactive, when the vital force stored up in the nerves is consumed or wasted by disease, worry or over-exertion of the mental and physical powers? We are living too far from nature's rules, burning the candle at both ends and wasting nerve force without thought of how it is to be replenished. The effects are carelessly overlooked until prostration, nervous collapse or insanity overcomes us and renders restitution next to impossible.
In his immense practice in the United States, the very home of nervous diseases, Dr. A. W. Chase studied the cause of these ailments which are slowly sapping millions of young men and women of the vital spark of life and energy. The result of his tireless investigation and experiment was the giving to the world of Dr. Chase's Nerve Food, the most marvelous nerve restorative that man has ever known.
There is no use of talking about old methods of treatment being as good as this new system of Dr. Chase. Facts prove beyond a shadow of a doubt the surprising upbuilding effect of this great food cure. By making note of your weight from time to time while taking it, you can observe the gradual upbuilding influence of this treatment. The color returns to the cheek, the energy and ambition to body and mind, you have hope, new confidence and a new determination to succeed in life's battles. Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers or Edmondson, Bates & Co., Toronto.

THE CANAL TREATY.
Now that the text of the new treaty between Great Britain and the United States in regard to the Isthmian canal has been published, it is not easy to see what we have lost by consenting to the abrogation of the Clayton-Bulwer treaty. The United States government is to have a free hand, so far as Great Britain is concerned, to build the canal and provide for its management. The canal is to be neutral and open to vessels of war and commerce of all nations, even those of belligerents, and it is never to be blockaded, and to ensure its neutrality a zone three miles in diameter has been established at each terminus of the canal, in which the warships of belligerents shall not remain for more than 24 hours, except when in distress. Article IV. of the treaty provides that no change of territorial ownership of the land across which the canal runs shall in any way affect the neutrality of the waterway, which in view of the possible acquisition of Central America by the United States is a provision of some importance.
We think the statesmen, who are responsible for this treaty, are to be congratulated upon the good sense, which it displays. It provides for the construction of the canal, whenever the United States gets ready to undertake the work. It provides that the canal shall be protected by the country most interested in it, and it secures its absolute neutrality as fully as words can secure anything. Our government has yielded nothing that was worth retaining, but the United States has gained something upon which the people of that country had set a high value. In addition to this a cause of irritation has been removed, a matter, which of itself is a subject for congratulation.

NO QUESTION OF MOTIVES.
We may remind the Times that the Colonist did not suggest an inquiry into Mr. Bodwell's motives or make the slightest allusion to his "professional connections." What we said was that if people sought beneath the surface for the reasons actuating Mr. Bodwell's candidature, he would only have the Times to thank for it. For itself the Colonist has only to say that it will not in Mr. Bodwell's case, more than in any other man's case, deal with motives at all, except so far as they can be logically assumed from established facts.
Here are some facts which the Times ought to treat.
In the application for a subsidy for the V. V. & E., Mr. Bodwell asked that \$4,000 a mile should be given for thirty miles of line between Cascade and Midway. This was one of the conditions upon which he insisted. The subsidy was not granted and the line is being built without it, whereby \$120,000 has been saved to the province, not to speak of the interest upon the amount. Now will the Times kindly inform us if Mr. Bodwell knew the line would be built whether subsidized or not? Whether he did or not, he must now admit that the government in refusing to subsidize that thirty miles acted in the best interests of the province.
The people are not much concerned over motives. What they are interested in is facts, and it is a fact that by declining to enter into the agreement to subsidize that piece of line, except as part of a through line, to the Coast, a handsome saving was made to the province and no harm was done except to Mr. Bodwell's clients, who did not get the hoped for \$120,000. Mr. Bodwell will hardly ask the voters to condemn the government for what they did in that matter. Now as to the western thirty miles of the line. Why should the government have subsidized this, except as part of a through line, in view of the fact that construction of most of it was already provided for by a subsidy from the city? It is true that the city subsidy does not secure the construction of thirty miles on the Mainland, but it does secure the ferry connection, without which a direct line from the Coast to Kootenay would be of little value.
It will hardly be denied, in fact Mr. Bodwell has never denied, that all he was in a position to promise definitely last session for his clients was that they would build thirty miles from Cascade to Midway and thirty miles from the Coast westward, provided they got \$4,000 a mile from the province. The government would not consent to giving any subsidy at all except to a through line. Now if by reason of the failure of the government to give a subsidy for those two short pieces of road, their construction had been indefinitely postponed, there might be some reason for asking the voters to condemn the refusal, but as the thirty miles on the eastern end and the ferry and some twelve of fifteen miles on the western end are already in course of construction, and will most certainly be completed, we do not see what any one has to complain of except those persons who would have secured a subsidy for what they intended to do without a subsidy, or at least for what they have since done without a provincial subsidy. We are not arguing that it is a wrong thing for a company to ask a subsidy for a road which they intend to build whether it is subsidized or not, but we do say that a government is not to be condemned for refusing a subsidy, when it transpires that what they are asked to subsidize will be built any way. For the remainder to the Coast-Kootenay road, Mr. Bodwell's clients stand in precisely the same position as they did when he advocated their cause so ably in public and before the Executive. They have yet to get an assurance of a Dominion subsidy, and until they do they are not in a position to undertake to build the through line. Thus it is clear that, however strong Mr. Bodwell's case may have appeared on the face of it in May last, in so far as this particular line is concerned, events have taken the whole force out of it. We are to get the ferry to the Mainland, the beginning of the line from the Coast eastward, and the line from Cascade to Midway without a dollar's expense to the province. Surely in a case like this it would be absurd to make any inquiry as to motives. The question is whether the government did right or wrong, not what a solicitor acting for a client did or how much he was to be paid for his work. Is it not clear that the facts

The result of his tireless investigation and experiment was the giving to the world of Dr. Chase's Nerve Food, the most marvelous nerve restorative that man has ever known.
There is no use of talking about old methods of treatment being as good as this new system of Dr. Chase. Facts prove beyond a shadow of a doubt the surprising upbuilding effect of this great food cure. By making note of your weight from time to time while taking it, you can observe the gradual upbuilding influence of this treatment. The color returns to the cheek, the energy and ambition to body and mind, you have hope, new confidence and a new determination to succeed in life's battles. Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers or Edmondson, Bates & Co., Toronto.

THE MAMMOTH

The old proverb, "It is an ill wind that blows nobody good," applies itself with peculiar fitness in the present case.
Here we have a large stock of Clothing, Gent's Furnishings Boots and Shoes, which we would like to sell. It is to your advantage to get these goods at a low figure, and to do this we have decided to inaugurate a series of WEEKLY SPECIALS.
We intend to make our WEEKLY SPECIAL a memorable event in the annals of our business, and to do this will offer certain lines of goods at greatly reduced prices, in fact at such figures as to defy all competition.
We have just received from the manufacturers

300 SAMPLE FEDORA HATS
In all shapes, shades and sizes. They comprise all the latest styles of the coming season as well as of the past. The regular price of these hats range from \$1.75 to \$3.50 each. For This Week's Special we will offer them
AT \$1.35
Don't wait until the best are gone!
We also have just received 50 dozen Winter Weight, Natural Wool and Fleece Lined
Shirts and Drawers
Nicely finished. The regular prices of these goods are \$1.00 each. For this week's special we offer them for
50 cents Each.
We lose on these goods, but gain your favor. See our windows and judge for yourself.

Refused To Reconsider

Vexed Bridge Question Before City Council Again Yesterday.

Motions Recommended By the Mayor Are Voted Down By Aldermen.

The Point Ellice bridge question was the subject of a lively discussion at a special meeting of the City Council held yesterday afternoon at the City Hall.

The meeting was called by Mayor Hayward with the object of starting all over again as it were, and meeting the views of the ratepayers in the matter of preparing the bridge.

These motions were moved by Ald. Kinsman and seconded by Ald. Cameron.

The first was: "That the resolution of the council passed on the 16th September last (page 30 of the minutes of the council) be rescinded."

Ald. Cameron moved, seconded by Ald. Kinsman, that all unopened tenders be accepted for the construction of the proposed new bridge at Point Ellice he returned to the tenders and also all checks which accompanied all tenders received.

Ald. Stewart moved in amendment that the motion be laid on the table for further consideration. He did it because he thought a public meeting would alter public opinion.

Ald. Beckwith seconded the amendment, saying that the public had been led to believe that there had been no competition, whereas several tenders had been received on Mr. Topp's plans, and the accepted tender of the Puget Sound company was based on Mr. Topp's plans.

Mayor Hayward contended that there had been no competition. The plan simply showed the form of tenders and the tenders submitted their own designs.

Ald. Beckwith said all bridge contracts were awarded on similar plans.

Mayor Hayward contended that the government always prepared detailed plans.

Ald. Yates denied this.

Ald. Cooley asked how it was there was no dissenting voice when the tenders were called for.

The amendment to defer consideration was carried on the same division.

Then Ald. Kinsman moved, seconded by Ald. Cameron, that a committee be appointed to examine the tenders and report thereon.

Ald. Beckwith contended that the engineer and with him any bridge expert it may be deemed advisable to employ, to decide upon the style and construction of a bridge best adapted for Point Ellice and after approval by this council, to prepare proper and complete plans and specifications so as to enable tenders in competition to be made thereon.

It was moved in amendment by Ald. Brydon, seconded by Ald. Beckwith, that the motion be laid on the table for future consideration.

Ald. Yates on a question of privilege wanted to know if the city engineer was out of order.

Mayor Hayward contended that the alderman was out of order.

Ald. Beckwith—Can I say a word?

Mayor Hayward—You are out of order. This is a special meeting, and the object for which it was called has been dealt with.

Ald. Beckwith—That's tough.

Ald. Cameron contended that the alderman had had six opportunities to speak on the question when the motions and amendments were up.

The council then adjourned.

Ald. Brydon will move at Monday evening's meeting of the council that the Mayor be asked to call a public meeting for Wednesday evening.

When the bar-keeper sets out Jesse Moore "AA" he gives the customer the best in the house.

VICTORIA HISTORICAL SOCIETY.

Papers on Fort Victoria and Recollections of Hon. J. S. Helmcken.

At the regular monthly meeting of the Victoria Historical Society, which was held in the committee room of the Ladies' club on Friday afternoon, a paper by Dr. J. S. Helmcken was read by Mrs. Angus. It refers to the tablet which has recently been erected at the corner of Bastion street by the Historical Society.

A second paper by Dr. J. S. Helmcken was read later in the afternoon by Mrs. J. S. Helmcken, being the first instalment of a series of autobiographical recollections dealing with the history of Victoria from 1850. While Dr. Helmcken has very kindly allowed the society to read the "Recollections" at their private meetings, he had forbidden their publication in any form.

THE LITTLE ONES NEED Malt Breakfast Food

Growing children, especially those attending school, should be kept strong vigorous and healthy. Malt Breakfast Food used regularly at the morning meal will nourish the children and keep the stomach and bowels in perfect condition. No other grain food can compare with Malt Breakfast Food for imparting energy and vim to school children. It builds up flesh, bone and muscle. The children love delicious Malt Breakfast Food; tens of thousands are using it. Your Grocer.

Mrs. Mamie Herbert, 56 Elmwood Ave., Buffalo, N. Y., Treasurer Empire State Fortnightly, Buffalo, N. Y., After Eight Years' Suffering Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Inflammation and ulceration of the uterus laid me low and robbed life of its joys for me. For eight years I was in frequent pain and misery, and then Lydia E. Pinkham's Vegetable Compound came to me, the greatest boon I have known, for it brought new life and health to me. I used several bottles of Compound and your Sanative Wash. My improvement was slow, but from the first bottle I felt that I was better, and so I kept up courage and continued the treatment. None of my friends ever dreamed that I would be well again, but I have now enjoyed life to its fullest extent for three years."—MRS. MAMIE HERBERT.

5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Write to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

LOCAL NEWS

Local Council of Women.—The annual meeting of the Local Council of Women will be held on Monday next at the city hall. The morning session will be from 10:30 to 12:30, and that in the afternoon from 2 to 4.

Sitting of arbitrators.—The arbitrators who are considering the claim of the owner of the lot at the corner of Government and Humboldt streets, expropriated by the city, held another session yesterday. The claimant's case is now all in, and today the arbitrators will hear witnesses on behalf of the city.

Police Court.—On account of the contradictory nature of the evidence, Magistrate Hall yesterday further adjourned the case of Clarence Baker and Christopher Nelwidrich, charged with assaulting a Chinaman, until this morning. There were four drunks before the magistrate. Two were fined \$2.50 each, the third \$5 and the fourth was handed over to the naval authorities, belonging to that service.

Dawson Telegraph.—The break in the Dawson-telegraph line is in the Iskut mountains, 200 miles south of Telegraph creek, B. C., according to advices received by the steamer City of Seattle from Skagway. The break occurred November 25. The snow in this section is reported many feet deep in places, rendering it exceedingly difficult for repair crews to get through the country. Mr. A. J. Charleston, son of the superintendent of construction, intends making a trip along the line from White Horse to Ashcroft.

Government Street Track.—A meeting of the streets bridges and sewers committee of the city council was held yesterday afternoon to consider the question of the laying of the rails for the street cars when Government street is paved. The proposal of the company is that they should purchase the rails, ties and all special work, which includes curves, and that the city should lay them. The cost to the city would be \$4,800. The company consider that the city should do this work, as when they laid the present double track on Government street, it was understood that the work was permanent, and they did the work so that the track would last 12 years. It was decided that the city should undertake to do this work, some of the aldermen expressing the opinion that the estimate of the company as to the cost to the city was very liberal.

VON TETS DEAD.

Fatal Result of Duel With Prince Henry.—London, Dec. 6.—The Evening News publishes a despatch stating that Major von Tets, who fought a duel with Prince Henry, consort of the German Wilhelm, has died of his wounds.

B.C. Pioneers' At Dinner

Old Timers Gather Round the Board at Thirty-first Banquet.

Mayor Hayward Announces Intention to Be Again Candidate For Civic Honors.

The British Columbia Pioneer society held its thirty-first annual banquet last night at the Victoria hotel, where nine host Leeson set a table verily fit for the Pioneers, the pioneer dish of bacon and beans being the main feature of the menu. The dinner was a noteworthy one, not only because of the gathering of those old-timers, who have seen the province into which they had led the way grow until today it is the proudest and most glorious province in the land, but also because Mayor Hayward announced at the festive board of the pioneers that he would again be a candidate for the mayoralty, and that he had in view a progressive policy, which would shortly be announced, favoring the coming out of other projects for the advancement of Victoria as well as carrying out of those under way to a successful completion.

The Mayor said, as he spoke in reply to the toast to "The Mayor and Council," that the banquet were mistaken sometimes, but that were, as the toast read, "jolly good fellows." They had got on well together during the year, and he was sorry there was a disagreement among them now. In regard to his exercise of the power invested in him to veto the motion awarding the bridge and dredging company, he said that he had done so with reluctance, and when he had vetoed the motion to award the contract, he had felt that he had been doing no injury to the people across the line. He had told the president of the bridge and dredging company that he was sure that it was the opinion of the people that the Seattle company should be awarded the contract if they were the lowest tenderers in fair and open competition. He had, however, been pressed by this fact, that there had not been fair tendering. It was generally supposed when the report of the streets and bridges committee had been agreed upon, that the competition would be fair, that there would be a set of plans drawn up upon which all tenderers should compete. There had, however, been no set of plans drawn up, and no such tendering was possible.

As things stand now, there were no competitive plans before the council, and the Mayor felt it his duty to the ratepayers to see that there was fair competition. No person should have the advantage of getting such a work at a low price, and he thought the day would soon come when the people of Victoria would have reason to be glad that the minority had stood up to his majority. He had no doubt that a fair means of competing by tender. The council would deal as fairly with the firms from the United States as with their own firms, but they wanted competition, and the speaker therefore urged the council to insist on a fair means of competing by tender. The speaker then referred to the fact that the citizens of Victoria wish to live in harmony, in taking the step that he had.

He thought that what had been done was commendable, and that the people of Victoria had great faith in this city and in the inevitable growth of its cities and the magnitude of its commerce. This is coming slowly, and in his opinion, the Mayor had done well to have always endeavored to imbue the people with his faith in the future of Victoria. The people have so far responded cheerfully to the demands made upon them for the borrowing of large loans, and the Mayor had done well to have always endeavored to imbue the people with his faith in the future of Victoria. The people have so far responded cheerfully to the demands made upon them for the borrowing of large loans, and the Mayor had done well to have always endeavored to imbue the people with his faith in the future of Victoria.

King. He was well known. The fierce light which beats around the throne had shown him as he is. He had been criticized, and he was human and Englishman, and if any man had been in the blaze of light as he has been all his career and had done as well, he could consider that he had done well. His first act as King showed that he was in touch with the spirit of the age. He showed that England was governed by its people and the Empire by its members. When visited by a number of Americans he had gracefully ordered the band to play the "Star Spangled Banner." It was such acts as these which bring the two a better understanding, and make them kin, notwithstanding those turbulent men in the United States, and Canada. These men are the same as those who have elected a Boer colonel to Parliament in Ireland. It is they who become politicians as soon as they land in the United States, who are "agin the government," and who are always the noisy men; but thank God, the sober element controlled in the United States.

The speaker then referred at length and touchingly to the death of President McKinley, reciting at length the history of the sad time, and speaking bitterly of the crime. Anarchists should be stamped out, he said, and the socialistic schools, where they are fed, should also be stamped out. He referred to the fact that the Governor-General had enjoyed good health. The same speaker also proposed a health to the Lieutenant-Governor, and said that, although regretting the absence of Sir Henri Joly, he was glad to say that since his advent in Victoria the Lieutenant-Governor had not only become a citizen of that city, but had used all his talents for the benefit of the people of the province, and he hoped that when the day came that the Lieutenant-Governor relinquished his high office he would make his home in Victoria always.

Mr. E. V. Bodwell proposed the toast to the Dominion Senate, Commons and Provincial Legislative Assembly. He said that while not there to talk politics he gloried in the constitutional form of government. The British constitution had grown through centuries and sometimes it had been attacked, but by Kings, but ever reaching out and being strengthened, it guided the destinies of the greatest Empire the world had ever known. It was the greatest gift to Canada, this form of government, which the young nation was developing. Here in this country the various bodies had been found to work remarkably well, being well adapted to the necessities of the country.

Mr. H. D. Helmecken, M. P. P., proposed the toast to the Governor-General. He referred to the visit of Lady Minto to the Royal party and said that having been lately in telegraphic communication with Lord Minto he could say that the Governor-General enjoyed good health. The same speaker also proposed a health to the Lieutenant-Governor, and said that, although regretting the absence of Sir Henri Joly, he was glad to say that since his advent in Victoria the Lieutenant-Governor had not only become a citizen of that city, but had used all his talents for the benefit of the people of the province, and he hoped that when the day came that the Lieutenant-Governor relinquished his high office he would make his home in Victoria always.

BABY'S OWN TABLETS

Good for all Babies; Try Them for Your Baby.

Do not allow an inexperienced nurse girl or any other person to give your children medicines that you know nothing about. No one but the mother is competent to administer medicine to babies, as others are too likely to choose one of the many medicines containing opiates so that the child will go to sleep quickly and be less trouble.

It doesn't help a sick baby to give it soothing drugs. On the contrary, it lessens its chance of recovery.

Baby's Own Tablets are purely vegetable and absolutely harmless.

At the same time they are the most effective medicine known to science.

For Preventing Croup

curing fevers, colic, constipation, diarrhoea, sour stomach, irritation when teething, nervousness and sleeplessness these tablets have no superior.

No matter whether the baby is sick or well these tablets should always be in the house.

They not only cure infantile disorders, but they prevent them and should be used whenever the baby shows the slightest sign of illness.

This remedy has the most remarkable record of any medicine of the kind and dissolved in water will be taken without objection by the smallest or most sickly infant.

They are sweet, little lozenges, free from all objections which are generally raised against children's medicines.

They can be found at druggists or be sent direct by us, if desired, prepaid upon the receipt of the price, 25 cents per box.

The Dr. Williams Medicine Co., BROCKVILLE, ONT.

THE FOOTBALL FIELD.

Football Matches Which Are to be Played This Afternoon.

There are a number of football matches arranged for today. The Victoria and Columbia association teams will meet at the Caledonia grounds at 3 o'clock. The teams are as follows: Columbia—Goal, C. Marshall; full backs, S. Shanks, R. Dalby; half backs, J. Har, A. Netherby, H. Gartley; forwards, C. Berkeley, R. Fell, G. Wilson, J. Hunter, J. Lawson.

Victoria—Goal, W. Kinsman; full backs, H. A. Goward, B. P. Schwenger; half backs, W. York, A. Rutherford; forwards, J. Har, A. Netherby, H. Gartley, J. Lorimer, R. Livingston, J. York, S. Lorimer.

At Beacon Hill, the Victoria West and Columbia Intermediate Association teams will meet in a City League match. The teams are:

Columbia—Goal, T. Brooker; full backs, F. Smith, W. Blackbourne; half backs, A. Vaughan, H. Hisecks (captain), V. Wolfenden; forwards, J. Simpson, B. Wilson, W. Laing (centre), K. Hughes, J. Finlay.

At the Drill Hall this evening the attraction will be the basketball match between the J. B. A. A. and Fernwood teams. The teams have been published. The Victoria Hunt club will meet at the Royal Oak this afternoon at 2:30 o'clock for the usual cross-country run.

SPORT NOTES.

At the Drill Hall this evening the attraction will be the basketball match between the J. B. A. A. and Fernwood teams. The teams have been published. The Victoria Hunt club will meet at the Royal Oak this afternoon at 2:30 o'clock for the usual cross-country run.

The High School and the Northwest teams met in a junior match at Beacon Hill today. The Northwest team is as follows:

Goal, Brown; full backs, Tait and Strachan; half backs, Muir, Williscroft and McBeath; forwards, Smith, Kroeger, Pope, Ogden and Dakers.

This afternoon at Oak Bay the Victoria and Vancouver High School Rugby teams will meet in a friendly match, and a hard game is anticipated. The Victoria High School team is as follows:

Full back, Anderson; three quarters, Tait, Geddes, Patterson and Netherby; half backs, Winslow and Russell; forwards, Rogers, Wilson, Miller, Levy, Marchant, Ogden, McCarter and Walker.

The game will commence at 3 o'clock.

The Rugby match scheduled to take place at Vancouver next Saturday between Victoria and Vancouver, will most likely be called off, as the local boys will find it difficult to get up a team. It may be played at a later date. Capt. Tait of the Terminal City team was in the city on Thursday.

The Junior Association match between the High School and Northwest teams, has been postponed until the 21st, on account of the match today between the Victoria and Vancouver High schools. Several of the High School Rugby players are in the association teams.

SAVE YOUR SNOWSHOE TAGS

The most popular brand of Cheung To-bacco in Canada today is "PAY ROLL." Every plug of "PAY ROLL" bears a "Snowshoe" Tag. Consumers should save these tags, as valuable presents are given for them. When you buy "PAY ROLL" Cheung Tobacco, ask your dealer for our new illustrated premium catalogue. Tags are good up to January 1st, 1903.

DEAR MADAM

Send us your name and address on the below request, and we will take pleasure in sending you free of any charge this SOLID ARIZONA SILVER SUGAR SHELL. You don't have to buy anything. The gift is unconditional. It is a bid for your everlasting friendship and good will, and if you do not read this advertisement through and answer it at once, it will be a loss to yourself and a disappointment to us,

With the Sugar Shell we will send you 6 packages of Standard Electine Remedies, which we wish you to sell, if you can, at 25 cents each. Then return our money, and we will give you absolutely free a Butter Knife and Pickle Fork, same pattern as your Sugar Shell, and also a Set of 6 Full-Size Solid Arizona Silver Teaspoons. If you fail to sell our Medicines, return them to us and retain the Sugar Shell as a gift, it being free in any event. Our Solid Arizona Silver Premiums are fast superseding Sterling Silver for Tableware. They always look as well, and wear better; they are the same beautiful metal all the way through and are guaranteed for 50 years. There is nothing else like them except Sterling Silver, and nothing "just as good." Now, please don't throw this paper down and say to yourself, "I'll write to those Electine people to-morrow."

This is not an opportunity to put off and forget. Just sign and return the attached request to-day, that is all you have to do. The Sugar Shell and Medicines will then be promptly mailed, post-paid. Remember, even if you fail to sell our Goods, you at least have an Elegant Sugar Shell, worth 75 cents, for simply making the effort.

Sincerely yours,

ELECTINE MEDICINE CO., Limited, TORONTO, Ontario

REQUEST FOR SUGAR SHELL AND MEDICINES. Electine Medicine Co., Limited, Toronto, Ont.

Ship immediately, by mail, a Solid Arizona Silver Sugar Shell, and Six 25-cent Packages of Electine Remedies. I agree to make an earnest effort to sell the Medicines, and return you the money, with the understanding that I am to receive for this service a Butter Knife and Pickle Fork, same pattern as Sugar Shell, and also Six Full-Size Solid Arizona Silver Teaspoons. If I fail to sell the Medicine, I will return it to you within 30 days, and retain the Sugar Shell as a gift from you.

THE WEATHER.

Meteorological Office,
Victoria, Dec. 6.—8 p. m.
SYNOPSIS.

The barometer has risen considerably over the past couple of days, and is falling along the coast in advance of an ocean low area, which will probably cause more rain this side of the mountains. With the exception of rain at Cape Flattery the weather has been fine in British Columbia and the adjoining states, while considerable rain has fallen in California and a snowstorm prevails in Utah. The weather in the Canadian Territories is fair and moderately cold.

	Min.	Max.
Victoria	41	48
New Westminster	36	44
Rainbow	28	36
Barkerville	24	32
Calgary	20	24
Winnipeg	18	20
Portland, Ore.	40	46
San Francisco	48	56

For 24 hours from 5 a. m. (Pacific time)
Saturday.
Victoria and vicinity: Easterly or southerly winds, becoming unsettled with rain tonight or on Sunday.
Lower: Mahanadi or southerly winds, becoming unsettled with rain tonight or on Sunday.

VICTORIA DAILY RECORD.
Report for 24 hours ending 5 p. m. On barometer taken daily at 5 a. m., noon and 5 p. m.
FRIDAY, DEC. 6.

Average state weather—Fair.
Rain—0.06 inches.
Sunshine—5 hours 12 minutes.
Barometer at noon—Corrected—30.084.
Barometer at 5 p. m.—Corrected—30.112.

SOMETHING FOR THE DEAF

In consequence of our article published about a week ago, concerning the recent discovery of a new method of treatment for Deafness, based on external applications, we have received a large number of letters asking for additional explanation. We would remind those of our readers who are interested in the subject that they must write direct to the Drouet Institute, 72 Regent's Park road, London, England. The Institute gives free advice to foreign patients and the Secretary will gladly send all the information they require to enable them to undergo the treatment in their own homes.

LEGAL INTELLIGENCE.

Yesterday's Proceedings in the Supreme Court and Chambers.

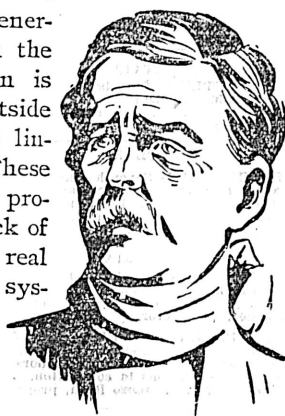

In the Supreme Court yesterday the trial of Lowenberg et al. v. Dunsmit was continued. H. M. Grahame, as examined for the plaintiff, and at the conclusion of his evidence, counsel for defendant asked leave to recall D. R. Harris, one of the plaintiffs, for further cross-examination. The application was vigorously opposed by plaintiff's counsel, but was finally granted, and Mr. Harris was further cross-examined by Peters, K.C., on certain evidence given at former trials of the case, which, counsel alleged, conflicted with his statements in the present case. Court adjourned at noon till Tuesday next at 10.30 a.m.

The further hearing of arguments on the preliminary objections in the New Westminster election case was fixed for Monday morning at 11.
Mitchell v. Chumgranes was settled out of court.
An order for judgment under order XIV. was granted in Royal Bank v. Lawrence by Mr. Justice Martin in chambers yesterday. Langley for plaintiff, Child for defendant.
In Canadian Development Co. v. Kersey, an order for leave to withdraw the injunction was granted. Lawson for plaintiff.

Coughed Over a Year

The Remarkable Recovery of J. Collier of Montreal
—Made by Powley's Liquefied Ozone.

Throat or lung trouble is generally due to abrupt changes in the weather for which this season is noted. Congestions on the outside are flashed to the membraneous linings of the throat and lungs. These passages become inflamed and provide excellent fields for the attack of germs or microbes. Then the real trouble commences and if your system is not strong enough it will hang on, maybe grow worse and you will die. Mr. Collier, of the Mason & Risch Piano Co., at Montreal, staved off the trouble in time by Powley's Liquefied Ozone. This is his report—read it:

The proper way to treat lung and throat trouble with Ozone.

Gentlemen: I have been troubled for over a year with severe bronchitis and throat trouble, sometimes so severe that I have had to lay off from my work. I have tried many remedies, none of which seemed to be suited to my case. About the first of May I was induced to try Ozone. I have taken about a half a dozen bottles in all. After taking the second bottle I found myself much improved, and I am now free from my cough, my throat is entirely cured and I feel greatly relieved, being free from the bronchitis cough and throat trouble. I consider your preparation a great remedy and gladly recommend it as being of great merit.

(Signed) J. COLLIER,
2169 St. Catherine St., Montreal, P.Q., Salesman with Mason & Risch Piano Co.
It is simply marvelous the manner in which Powley's Liquefied Ozone cures lung and throat troubles. It builds up the system, produces healthy flesh conditions, makes it simply impossible for the attack of disease germs. Our booklet on consumption called the "Great White Plague," is yours for the asking. It contains very valuable advice and if you have any lung affection you should receive it. Better write to-day.

Quadra Back From The North

Returns From Her Cruise to
Kingcombe Inlet and Lawyer Islands.

Str. Boscowitz Brings News of
Another Overdue Cape Nome Vessel.

D. G. S. Quadra returned yesterday from her cruise to Kingcombe Inlet and the Lawyer Islands, the punitive expedition to the former place having been brought, by her return, to a satisfactory close. As the Quadra, owing to other duties, was not able to devote much time to the important police work at Kingcombe Inlet, a constable was left there, with warrants to arrest two more of the guilty Indians, should it be possible to do so, whilst the Quadra was at the Lawyer Islands. These arrests were successfully made by the tact and energy of Acting Constable Heathorn and Special Constable Halliday of Kingcombe Inlet, the prisoners arriving at Alert Bay for trial on 1st of December. The two prisoners were taken to this place by the vessel, in the same manner that the previous prisoners were tried at Kingcombe Inlet when Superintendent Husey was the prosecutor for the crown.

After leaving Mr. Husey with his prisoners at Alert Bay on the 19th of November, the Quadra proceeded for the Lawyer Islands and established there the new light which was placed in operation on the night of the 28th of November. Mr. T. W. Harvey, late of the Sandheads lighthouse, being the new keeper. The work of erecting the lantern was carried out under the superintendence of Mr. G. F. Grant, first engineer of the Quadra. Extremely bad weather was experienced in Northern waters, heavy southeast gales with torrents of rain, sleet and snow following each other in quick succession. Residents in the vicinity of the Skeena state there has never been such a stormy season for years as the present one.

The following two letters, received by Capt. Walbran from the residents of Kingcombe Inlet, have been handed to the Colonist for publication:

Kingcombe Inlet, B.C., 18th Nov. 1901.
Captain Walbran, D. G. S. Quadra,
Fisheries Protection Service.
Dear Sir: The news has just been received that a monthly steamboat service has been assured us and on behalf of our settlement, I would beg to tender you our hearty thanks for your very kind and disinterested efforts to assist us in getting it, and would also ask of you to return our thanks to the provincial government for their aid to what we all feel is a very much needed means of communication. We also hope and trust that the advance made by our settlement will fully justify the small outlay which has been granted.
Yours respectfully,
ERNEST H. HALIDAY.

Kingcombe Inlet, B.C., 27th Nov. 1901.
Captain Walbran, D. G. S. Quadra,
Fisheries Protection Service.

Dear Sir: On behalf of the residents of Kingcombe Inlet, we wish to thank you, and through you the Dominion and Provincial governments, for the services rendered by the despatch of the Quadra to Kingcombe Inlet at the time of the riots caused there by the arrest of two Indians for theft. We can assure you that it has given us an additional sense of security, isolated as we are. We are few in number, compared with the Indians, but they have but a lesson now which we think they will not forget. They will now have proper respect for British law and the certainty of its enforcement.

Yours respectfully,
Ernest H. Haliday, Harry Kirby,
Alexander McKay, E. A. Bird, Clifford Smith.
Signed on behalf of the residents.

BOSCOWITZ IN.
Brings News of a Delayed Cape Nome Steamer—Beach Miners.

Steamer Boscowitz, which has returned from the North Pacific, is to be tied up until February, when, after being repaired and overhauled, she will resume her service to Naas and way ports of northern British Columbia. The steamer had been delayed at Vancouver in all who made the trip to Victoria. Two of these were the local miners, Messrs. H. Jones and Scott, who have been washing the black sand areas of the northern coast, the high tides which prevailed. They took out about two ounces a day for 10 days, and have returned to Victoria for the product of their placers, the work having been retarded by the high tides which prevailed. The returning miners bring news of another of the belated vessels bound to the Sound from Cape Nome, the little steamer Elk, which put into Shusharty bay, where the miners were waiting there for the Boscowitz. The two miners boarded the Elk, and found some friends among her passengers, two of whom were Messrs. Appleby and McKee of Victoria, the latter the discoverer of McKee creek in the Atlin district. The Elk was left at Shusharty bay by the Boscowitz, where she was making some minor repairs and to start for Seattle on Sunday. The Elk probably arrived there today. The Elk left Cape Nome in October and has had a long and stormy trip. Her rudder was twice broken during one storm encountered, and it took the rudder that she put into Shusharty bay. All told there are 21 passengers on the Elk. There had been no meat on board the steamer since she left Cape Nome on October 20, and a deer given to the ship's company by the miners was welcomed.

The Boscowitz brought news from Kitimaat where she landed a large shipment of supplies for a gathering of Indians there to celebrate the coming of the Kitilopes to Kitimaat. The two tribes have been talking over confederation for some time past, and the present gathering to which many tribes are invited is to cement the friendship between them and make arrangements for the coming of the Kitilopes to Kitimaat, where they will move their illalhe. The Kitimaats came out in full force to meet the Boscowitz on her arrival for the steamer was bringing some other people to the feast. The Indians formed a square with their canoes and with flags waving and bands playing made a novel picture. A night feast was given in the lodges and there was the usual festivities, dances, etc., that are incident to such a gathering.

From Princess Royal Island the Boscowitz brought down H. Fraser, a miner and Mr. Mrs. Mathers were passengers from Alert Bay to Texada. On the trip three line-men who are bound up the Skeena to repair the telegraph line were landed at Port Essington. The weather in the north has been cold and stormy, and high tides have been causing much damage in some places. Two settlers' houses were washed away at Kingcombe Inlet, and at Port Simpson the water rose to the level of the wharves.

Auction Sales

—BY THE—
CUTHBERT, BROWNE
COMPANY, LIMITED.
AUCTION
At 54 Menzies

MARINE NOTES.

Steamer Farillon was towed over from the Sound yesterday and moored at the Esquimaux Marine Railway wharf. She will enter the dry dock to ship her new wheel and to repair the morning.
Steamer Bristol, which has been carrying coal to Juneau from Ladysmith, passed out yesterday morning for San Francisco. Capt. T. W. Roberts has been acting as pilot on her during the steamer's northern trips.
Steamer Glenogle will arrive from Tacoma today and will load a large consignment of salt and canned salmon at the Ditch wharf for the Orient. Steamer Glenishiet will arrive from Tacoma on Monday and will also load a large quantity of salmon here.
Steamer Maria passed up yesterday from Seattle to Nanaimo.
The scow which broke loose from the tug Bernanda with 250 tons of Lenora on board, when off Port Wilson during Tuesday's blow, has been recovered. The scow yesterday towed the schooner Lottie Bennett from Vancouver to load lumber at Chemainus.
The collier San Mateo, which on her last trip to Nanaimo towed the steamer Victoria to this port, and will probably receive a large amount of salvage there, for, very nearly secured another of those fortunes adrift in the ship Nelson. The San Mateo saw the Nelson's signals for help and was about to go to her assistance when the Walla Walla interpreted the ship's signals, went to her and picked her up.

Kind Lady—Why are you crying, little boy?
Little Boy—Cuz maw jls made a example out of for my little brother's sake.
—Ohio State Journal.

"77"
PREVENTS AND BREAKS UP
GRIP

If you will read this notice each week, and be guided by its precepts, you will keep free from sickness, because the advice pertains to the prevention and treatment of Grip and Colds. Twenty per cent., one person in five, die of pulmonary disease, and Colds are the seat of nearly all sickness; something else may develop, but a Cold is usually at the bottom of the malady.
The use of "77" checks a Cold at the start, and "breaks up" Colds that "hang on."
At all Druggists 25 cents, or mailed on receipt of price. DOCTOR'S BOOK MAILING FREE.

Notice to Contractors

COMBINED TRAFFIC AND RAILWAY BRIDGE FOR FRASER RIVER, AT NEW WESTMINSTER, BRITISH COLUMBIA, CANADA.

Sealed, separate or whole tenders, properly superscribed, as the case may be, "Tender for Substructure, Fraser River Bridge," "Tender for Superstructure, Fraser River Bridge," "Tender for Fraser River Bridge," will be received by the undersigned up to and including 8th day of January, 1902, for the manufacture, erection and completion of the bridge in accordance with the drawings and specifications to be seen on application at the Lands and Works Department, Victoria, B. C., at the Government Office, New Westminster, B. C., and at the office of Messrs Waddell and Hedrick, Consulting Engineers, New Nelson Building, Kansas City, Mo., on and after the 5th day of December, 1901.

Intending tenderers upon application at any of the above named offices may obtain, upon payment of ten (\$10) dollars, copies of drawings and specifications for either substructure or superstructure, or twenty (\$20) dollars for both.
Each tender must be made out on the form supplied, and must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada or National Bank of the United States made payable to the undersigned, or by gold, in the sum of five thousand (\$5,000) dollars, which will be forfeited if the party tendering decline to enter into contract when called upon to do so.
The cheques or cash deposit, as the case may be, of unsuccessful tenderers will be returned when contract is awarded.

The agreement on the form of tender to furnish a bond for \$50,000, or equivalent satisfactory security, for the due fulfillment of the work, must be signed by the tenderer and his sureties.
The Department is not bound to accept the lowest or any tender.
W. S. GORE,
Deputy Commissioner of Land and Works, Lands and Works Department, Victoria, B. C. 2nd November, 1901.

Notice to Contractors.

Vernon Gaol.

Sealed tenders, indorsed "Tender for Vernon Gaol," will be received by the undersigned up to noon of Saturday, the 21st December, 1901, for the erection and completion of a Gaol at Vernon, B. C.
Plans, specifications, forms of tender and contract may be seen on and after 5th December, 1901, at the Government Offices in Victoria, Vancouver and Vernon.
Tenders will not be considered unless made upon the printed forms supplied for the purpose, and the agreement to execute a bond, appended to the form of tender, is duly signed by the contractor himself and two other responsible residents of the province in the penal sum of \$2,000 for the faithful performance of the work.
The lowest or any tender not necessarily accepted.

W. S. GORE,
Deputy Commissioner of Lands and Works, Lands and Works Department, Victoria, B. C. 3rd December, 1901.
